

Product Name AetherWave | Wave LED Linear Pendant Light, Dimmable

Style Modern / Sculptural

Power Supply Hardwired

Two aluminium arms curving past each other in a shallow wave, each carrying an LED strip behind an acrylic diffuser — so the light reads as two crossing lines rather than one bar.

Two widths, 1000 mm and 1200 mm, hung on 1.5 m of cable that is shortened at installation.

Colour rendering at RA 90 or above and flicker-free, which matters over a table you sit at for hours.
