

Product Name AuroraGold | Gold Finish
Iron Wall Sconce, E27

Style Compact / Classic

Power Supply Hardwired

A compact half-round wall sconce in iron with a powder-coated gold finish. Open at the top and bottom, so the light washes the wall above and below rather than sitting trapped in the shade.

150 mm across and 75 mm deep — small enough for an alcove, a bedside or a narrow hallway wall.

Standard E27 socket with easy access for globe changes, singly or in sets of two or four.

Specifications & Quality Documentation

Dimensions, materials, electrical detail and installation requirements for this fixture.

● Basic Product Information

Product Type	Wall sconce
Power Supply	Hardwired
Mounting	Wall-mounted on a standard plate
