

Product Name	NimbusGlow Cloud-Shaped Fabric Pendant Light, E27
Style	Soft / Sculptural
Power Supply	Hardwired

A three-dimensional cloud form wrapped in light-transmitting fabric, so the whole shade glows softly instead of casting a hard-edged pool of light.

Four widths and five cloud designs — four white, plus a multi-coloured version — singly or in groups of two or four.

Takes a standard E27 globe up to 40 W, so the brightness and colour temperature are yours to choose.

Specifications & Quality Documentation

Dimensions, materials, electrical detail and installation requirements for this fixture.

● Basic Product Information
