

Product Name Nocturna | Solar or Hardwired Outdoor Lantern

Style Modern / Minimal

Power Supply Hardwired or Solar

A black outdoor lantern with a rectangular stainless steel frame, a PMMA shade and a wood-toned base.

Three heights — 280 mm, 430 mm and 740 mm — for tabletops, pillars and pathways.

Runs on solar with automatic dusk sensing, or hardwired. Warm 3200K light, rated IP54 for sheltered positions.

Specifications & Quality Documentation

Dimensions, materials, electrical detail and installation requirements for this fixture.

● Basic Product Information

Product Type	Outdoor lantern
Power Supply	Hardwired or Solar
Mounting	Freestanding – tabletop, pillar or pathway
Control	Automatic dusk sensing on the solar version
Illumination Area	Approximately 1–3 m ²
Sold As	Single, or sets of 2 and 4

● Materials & Construction

Frame	Stainless steel, black finish
Shade	PMMA
Base	Wood tone
Ingress Protection	IP54 – limited dust, splashing water

● Heights

Height	Typical Use
280 mm	Tabletops and ledges
430 mm	Pillars and steps
740 mm	Pathways and garden beds

Best in a position with some overhead shelter, in keeping with the IP54 rating.

● Electrical & Light Source

Supply	Hardwired to mains, or solar
Operating Voltage	220–240V AC, 50Hz (hardwired version)
Power	5 W hardwired / 3 W solar
Light Source	Integrated LED, included
Colour Temperature	Warm White, 3200K
Dusk Sensing	Yes, on the solar version
Dimmable	No

● Installation

Method	Freestanding – no fixing required for the solar version
Wiring (Australia)	Brown – Active Blue – Neutral Green/Yellow – Earth
Installer	Solar version needs no electrician. Hardwired version must be installed by a licensed electrician in Australia
Position	Somewhere with overhead shelter – IP54 rated
Suits	Patios, pathways, pillars, outdoor tables

● In the Box

Lantern x 1 (or per set quantity) · Instruction sheet. Solar version requires no additional parts.
