

Product Name	SolaraStone LED Cylindrical Bollard Light, 6 Heights
Style	Modern / Minimal
Power Supply	Hardwired

A plain cylinder in die-cast aluminium with a PC diffuser running down one face, lighting the ground beside it evenly instead of throwing a bright spot.

Six heights, from an 800 mm path bollard up to a 3500 mm post, so a single run can be stepped along a driveway.

Despite the name, this fixture is mains-wired — it is not solar powered.
