

Product Name	Motion Sensor Under Cabinet Light, Rechargeable LED Bar
Style	Minimalist / Utility
Power Supply	USB-C rechargeable, battery

A 9 mm-thin aluminium light bar that clips on magnetically under a cabinet or a shelf. No wiring, no switch to find in the dark.

Two sensors work together — it only comes on when it detects movement within 3 to 5 metres AND the room is already dark, then switches off 18 seconds after the movement stops.

Three colour temperatures and stepless dimming from 10% to 100%, and it remembers the last setting you used.

Specifications & Quality Documentation

Dimensions, materials, electrical detail and installation requirements for this fixture.

● Basic Product Information

Product Type	Under-cabinet light bar
Power Supply	USB-C rechargeable – no wiring
Mounting	Magnetic strip or adhesive backing
Switching	Motion sensor plus light sensor, or push button
Sensor Range	3–5 metres
Finishes	Silver, Gray, Black
Sold As	Single, or sets of 2, 4 or 8

● Materials & Construction

Body	ABS, PC and aluminium alloy
Diffuser	PVC
Optics	L-shaped side lighting with light guide – 270° spread, no visible glare
Use	Indoor – kitchens, hallways, stairs, bedsides

● Sizes

Length	W x D x H (mm)	Power / Battery
9.2"	42 x 233 x 9	2 W / 900 mAh, 120 g
15.8"	42 x 400 x 9	3.5 W / 1500 mAh, 200 g
23.6"	42 x 600 x 9	4.5 W / 2200 mAh, 280 g

Only 9 mm thick, so it sits under a cabinet without being seen from standing height. Metric values are converted from the manufacturer's inch measurements.

● Electrical & Light Source

Supply	USB-C rechargeable – no mains connection
Battery	900 / 1500 / 2200 mAh by size
Power	2 W / 3.5 W / 4.5 W by size
Charge Time	2–4 hours by size
Colour Temperature	3-step: 3000K warm / 4500K natural / 6000K white
Dimming	Stepless, 10%–100%, with memory of the last setting
Sensors	Motion plus ambient light – stays off in a lit room
Auto Off	18 seconds after movement stops
Rated Life	50,000 hours

● Installation

Method	Magnetic mount to the supplied steel strip, or stick it up with the adhesive backing
Electrician	Not required. This product does not connect to mains
Charging	USB-C cable, 2–4 hours for a full charge
Position	Indoor, dry locations
Suits	Under kitchen cabinets, wardrobes, hallways, stairs, bedsides

● In the Box

Light bar x 1 (or per set quantity) · Magnetic mounting strip · Adhesive pads · USB-C charging cable · Instruction sheet.
